Additional reductions in personnel

- Already lean – 27 positions eliminated since FY2009
- Trimming may no longer be an option
- Focus on core public health functions
- Consider making cuts to programs previously held relatively harmless

Voluntary layoff/retirement incentive

- Intent is to minimize layoffs and/or
bumping impact
- Applications are always appreciated but
can't always be accepted
- Deadline August 16, 2011

Some positives

- 2010 ARRA one-time HITECH grant: \$461,013
- 2010-2012 ELC ACA: \$185,952 (2 FTEs + supplies), IT \$249,045
- 2010 one-time mini-grants to build capacity in foodborne, TB labs
- 2011 grant to build capacity for respiratory virus diagnosis
- One-time funding for equipment upgrades
 - Electrical and HVAC upgrades

Ongoing financial uncertainty

- Further anticipated cuts to federal funding
 - Cuts to programs that fund BLS directly
 - Cuts to programs that may impact BLS indirectly
- State revenues have been high
 - FY11: \$723,000,000 above final estimate
 - July 2011: \$60,000,000 above budgeted estimate
